

**Terms of Reference for the  
Small ENFO/CSRS Working Group on Inter-committee Coordination (WGIC)**

The small inter-committee working group is composed of one or two members from each Party in ENFO and CSRS and designates two official co-chairpersons (subject to approval by the committees), who shall preside over the working group and act as the primary representatives for the working group.

The primary goal of the ENFO/CSRS working group is to improve the coordination between the committees with the objective of enhancing enforcement effectiveness and collection of scientific data. The working group will report annually to ENFO and CSRS on progress of its work which will include recommendations to the committees.

The ENFO/CSRS working group shall on an annual basis:

- develop the draft agenda in advance of the meeting;
- meet during the NPAFC Annual Meeting to review the progress being made and plan joint activity for the following year;
- making recommendations to the committees on format and periodicity of information exchange between ENFO and CSRS;
- develop proposals on mutual beneficial activities including meetings, events, and other matters, as appropriate; and
- coordinate the maintenance, standardization, and access to data of mutual concern.
